“ To Susan, Todd, and Rhys: Lynda was one of my dearest friends since childhood. I live in Garner, NC but would always try to visit her when I went to SC to see my family. The last time I saw her at Woodlands she was just as precious as ever. I didn't get to see her this year because of Covid, but I always loved her so much. Never could convince her to come to NC to see me, but I will miss her. She loved you all so much and my prayers are with you in the coming days.

“ My love for this special lady and the whole Hester spans five decades. I visited her when I could, not often enough, and we always laughed and caught up on all the family and laughed some more. She had so much love for her family and friends and remembering them all was so special to her. The last few years, she would always beg me to visit more and I always lied and promised I would. But we would just catch up on the next visit and keep laughing. I will miss you, Lynda, but I know you are happy and smiling forever.

“ Lynda and Tommy were the BEST neighbors and friends anyone could ever ask for! They were special in so many ways. As the years went on, Mother and Lynda could not have been any closer. Spending a year together at The Woodlands brought joy to both of them! They cherished their friendship and we were most grateful that they had each other. We were all shocked and saddened to learn of Lynda's death. However, there is no doubt she is at the feet of Jesus and completely whole again. Her memory will be cherished by all of The Spearman's. Love and prayers for the family! We love you!
