“ We Met Auburn about 5 yrs. ago on the CB radio. He has since
become a welcome member of our adopted family and we always
enjoyed his listening ear, encouragement through struggles and
words of faith he felt so strongly in his heart. We cannot express how
much he will be missed. May our dear "Country Boy", "Snowballs
Grandpa", enjoy his place with the Lord. We love you.##imported-

“ I am so sorry for your loss. Alburn (Country Boy) will be missed
more than you know on the CB. He always gave me a hard time but
he was my friend and I along with more people than even I probably
know will miss him. Again I am very sorry for your loss as well as
the loss for the CB community.##imported-begin##Mark Lowe aka

“ *Just wanted to express my great sympathy. My family met Alburn through the CB radio and he touched our lives. He went out with us for supper several times and we will miss him greatly. My children thought he was wonderful in the way he just said what was on his mind. They found that very amusing. He will be missed in the CB radio community with great saddness!##imported-begin##Chris Pace##imported-end##*
