“ *I thought of Anthony as my closest friend at work. It was his nature to be a true gentleman, he never was critical of others and together we shared a strong mutual interest in Astronomy. Wish I had the words to express the pain I feel. "Anthony, I will remember you each and every day till we meet again in the eternity of God. ".....Erwin Frazier*

“ *Dearest Vance, Ann Marie, and Johnny,
We have no words to express how profoundly sorry that you have to endure this unfathomable tragedy. We were so shocked when we received the phone call and so blessed that you would reach out to your childhood friends to share such news. It's been a couple years since we spent time as families, but Anthony's warm, quiet, and tender spirit has forever left an indelible mark in our hearts. We love you guys! And while John will be able to fly down to represent the Badders' family, please know that we are sending you God's blessings, sympathy, and prayers.*

*Love you guys!!!!

“ I hired Anthony and he was a GREAT associate. He was always respectful and helpful to customers and fellow associates. We never had to worry if he was staying busy because he had a great work ethic. He was an associate that others told me how good a job he did because everyone noticed his sense of urgency and great attitude. I have hired hundreds of associates and he was one that I am most proud of.

I remember speaking to him after he put his application in and I joked to him about being related to the HULK and he just laughed and said he was not related. He had a great interview and I knew right away that he was something special and I was going to give him a job.

I have two sons that are about Anthony's age and I sincerely am hurting along with everyone else over the loss of this fine young man. I am proud to have known him and proud to say that he was the finest example of a humble and respectful young man.

Let me know if I can help in any way.

“ I never had the pleasure of meeting Anthony but I had the pleasure of working with his father, Vance, during my rehabilitation. I felt through anecdote the love and respect that Vance and his dear wife Anne Marie had for their son Anthony. I have no words to express the connection I feel to their loss. Loss is a private, personal, and precious experience. Words fail but God prevails. My dearest hope is that Vance and Anne Marie find peace with this tragedy and can be lifted up by their dear family, friends, and all the people who have been touched by their kindness. With best love.
