“ I will truly miss her. Shes was full of fun and spunk! She had a way about her that made you smile. She would tell me I feel like shit but hell I'm here. I would also remember her telling me take that damn apple juice back you know it will make me shit. She always said what was on her mind. Heaven has gained another angel with spunk!

“ Arlene was one of my favorite people I got to take care of. She was full of fire. Every time I walked into her room she would always have something funny to say. She always made my day. I'm so sorry for your loss, I truly miss her, and I haven't stopped thinking about her. I can still hear her voice in my head ❤️ Telling me to take that apple juice cause she doesn't drink that!!

“ Miss. Randall was a patient of mine at dialysis. I always looked forward to her coming in for her treatment because I knew she was going to make me laugh. She was so funny and never a dull moment. She reminded me so much of myself, because she always would tell it like it was. I actually had the opportunity to pray with her before her last surgery. I gave her a little cross and told her she was not alone. When Miss. Randall gave back to the clinic after her surgery , she told me she took that cross in the operating room with her. I am so glad that I could give her a little bit of comfort during that time. I am surely going to miss my spunky little patient, who always gave me laughter and joy. Some patients touch our hearts in special ways, and Arlene you sure touched mine. I will never forget you, I know you are at peace now. Spread your wings and fly high with the angels, no more pain.

To Miss Arlene's family , I am so sorry for your lost, for I know your hearts are broken. I pray for peace and comfort during this time and the days to come. Keep her memories alive in your hearts and just think of that beautiful laugh she had . I for one will never forget her. Prayers to you all and God bless each of you.

Love ,
