“ I first met Art in 1968 when I went to work at Southern Bell Telephone Company just after graduating high school. He was one of the first men that I worked on a telephone pole with and one of the best. I was proud to know him and have kept a friendship with him since we both retired. I only wish that I had known of his passing in time to visit at the mortuary and show my respect.

“ I have 75 years of memories with my brother. It's so hard to know that there won't be any more. He was a good man, a good father and grandfather, a good brother. I believe he is with Jesus now and there is no more pain for him. I will always cherish my memories of you, my brother. I love you and I miss you already.
