“ I worked a couple of summers at Camp Eva Good with Chuck and we stayed in the workers cabin, listening to the Beatles on his awesome home built stereo system! Good times! Rest In Peace my friend!

“ I am heartbroken. I just learned of Chuck's passing. Chuck has remained among my very closest friends for over 50 years now. Too many fond memories of Chuck to even begin to list here.

It's hard to imagine a world without Chuck. It will be a far less interesting place.

I have lost a brother.

“ I will always treasure my friendship and the antics of Chuck. My fondest memory and there are many, was when he, Laura Spence and I went to the drive-in theater and all 3 sat in the front seat of my VW bug and watched Alice's Restaurant instead of going to the junior prom. He lived his life to the fullest and played by his own rules. Keep flying my friend.

“ I will cherish the memories of our class meetings over the last 3 years. You took a wealth of information with you ! How could you remember everything that happened from 1st grade thru senior year, as if it were only last week ?? You were one of a kind ! Will miss you and will never forget you . Loved you dearly my friend !

“ I met Chuck when I was a teenager and a friend got me into fly fishing. Several more of my friends whom "transitioned" from team sports to outdoor pursuits ended up in the shop at least once a week through high school. They introduced us to Jones Gap State Park and the Chattooga River. Two places that I hold very special meaning for me. After high school I moved to Brevard for college and since then have lived in Hawaii. At some point during college the shop closed and I lost touch. Bill and Chuck were huge influences on us and I always wanted to reconnect but never did. They really helped set the mold and direct us on a life lived connecting with the environment. I'm forever grateful for that and will cherish the community they supported with the shop. Love to Chucks family~

“ I was so very sad to hear of Chuck's passing. We were friends in high school and over the past 18 months I was able to come from out of town for get togethers in TR and I was so happy to see him again. He was such fun, always making us laugh. He will be greatly missed, and I will remember your family in my prayers, Melanie (Travis) Schlaginhausen
