“ My sincerest condolences to his family. David and I went to high school together and I remember once going to a gathering at N. Duggan's house, where David and I ended up spending the entire evening sitting alone and talking, getting to know one another. That was the first time I got a glimpse of who David was, which was nice for me because I actually had a crush on him. I mean, who wouldn't? That face, that smile...as life would have it we lost touch and I moved out of state, but we stayed in touch via social media, where the love between David and Sammy was evident in the photos he posted and the words he said. We are just too young to be burying our friends and I am truly saddened by David's passing.
