“ *Toni and Shane I'm so sorry to hear about your Dad. All of you have been very special to me for many years. I love all of you like my own family. I didn't know your Dad that well but I know he had to be a wonderful person because it shows in his children. My thoughts and prayers are with all of you in the days and weeks and more during this time. God's grace is sufficient. If I can do anything for any of you please let me know. I love you all. Now and always. Angela Breazeale*

“ He was a hardworking man a man of his word and the most selfless person I knew. He was always there for me and we shared so many memories and moments that people will never know. He was a rock for me who made me want to be a better person. He loved my daughter as his own and would have given the shirt off his back to anyone in need. I will miss you. I wish you all the yellow roses in the world. Without the thorns of course. Thank you for loving me. I'll never forget the day you proposed to me I just never believed someone could love me that much. Miss you already. Until we meet again. Xoxo c-
