“ *My Dear Tita Ester meant so very much to me and my family. She watched me as a child, and was present for all holidays throughout my youth. She was there for my first communion, my confirmation, my wedding, and even attended the ultrasound appt to find out the gender of my first child. We’ve shared thousands of laugh filled moments. She was the epitome of class and an example of finding joy and wonder in everything. A constant reminder of living a life filled with the generosity, of our Lord’s example. From her and Harry I grew up seeing the possibility that I too, can have a truly loving marriage in devotion to each other and God’s service. The grief of watching Tita take her last breaths on this earth is heartbreaking. The precious moment of watching Uncle Harry hold his darling wife as she passed through to enter Heaven, where she will indeed bask in our God’s glory... I will cherish this moment for the rest of my life.*

“ *What can you say about Mrs. Ester but love . The love I speak of is the love she shared so greatly with her husband Harry. I remember the very first time she shared her story with me of how and Harry met and the sheer joy and love in her face and voice made me say love is real and it's even better with the right person. I was so honored to be a witness to that love Ester and Harry shared with each other every time I worked with her here when she came for her treatments. Harry just know you're in all of our hearts, thoughts and prayers. I know this is hard for you right now but just remember how she lived and how much she loved you.*
