“ *I'm very proud and honored to be the Granddaughter of such a strong and independent woman! My children saw her determination and strength and I hope they see the same in me. I'm thankful God allowed us to be in a place able to help her from day to day, and I'll always be thankful for time spent with Grandma and memories made! My children will remember laughing and sharing meals with their Big Grandma! She was a very special woman and we'll miss her immensely!*

“ *Mama I'm heartbroken without you and I'm going miss you every day.*

I know in my heart you are at peace now. Everything I know and love about nature and the outdoors, you taught me. I always loved beautiful sunsets with you and how we'd rush to the window to watch. I'll never forget you and I going outside in the dark and watching for meitior showers and the different constellations. You were always more impressed with the beauty of nature than anything man-made.

*We your children and grandchildren, will be sharing stories and laughs about you for years to come. You've lived life your way, peacefully and simply untill God called you home. Now the wonderful sights you're seeing, our saviour! I'll miss you everyday day and so untill I see you again, I love you more,
Sharon*

“ *The last visit we made she welcomed us to spend the night in her home and she cooked us a wonderful dinner. We had a nice time. She sent me away with several jigsaw puzzles. One of my favorite pastimes also. I also remember one visit many years ago when she still operated the restaurant. She was a hard worker. She will be missed.*
