“ We have known Gail for more than fifty years. She had a wonderful sense of humor. Always able to laugh at herself and/or Ben while sharing some crazy story about something stupid one of them had done. We all, fondly, remember the family funeral incident. While waiting on Gail to join us for what seemed like an eternity she finely emerges from the funeral home with John as her protector and the most damning expression of victory, determination and that “don’t mess with my family” look everyone remembers to this day. Unbeknownst to all of us, she alone had been tangling with a beast of a woman. Gail had the strength and courage of ten men that day. The story is legendary in our family and still brings a smile to our faces when we think of her. She will always be remembered for many things including her compassion for animals, loyalty and strength of character. Rest in peace dear sister. Your passing creates a void in our hearts. You will truly be missed.

“ I became Gail's Aunt at the age of 12 years old. She was my younger sister rather than a niece to me. I loved her dearly and she will always be a part of my heart. My sweet girl I will miss our long phone conversation that we're always filled with love and laughter
