“ Kristy and Kerri,

I was sorry to hear your Dad passed away. "57" is way too young. I enjoyed working with Tommy at Holly Oak Chemical - he was a "mess" - so funny! I know he loved his girls and grandkids - his pride and joy! I will keep you in my prayers during this difficult time. You will always have memories of your Dad which keeps him "alive" in your hearts.

*Take care,
Angie Key*

“ Kristy and Kerri,

I am sorry for your loss. I certainly enjoyed working with Tommy for quite a few years at Holly Oak. We shared some good times and enjoyable stories about his many jobs starting with a Georgia Highway Patrolman to an EMT in Spartanburg to EH&S work at Nicca to Holly Oak. I am sorry he had so many years of suffering from his last months at Holly Oak to the day he was free from the pain. I know he loved you all very much.

“ Kristy and Kerri,

You have my sympathy on the loss of Tommy. Tommy was proud of both of you and he spoke often about both you.

I shared many treasured and funny moments With Tommy while he was working at Holly Oak Chemical with me. I had many conversations about many varied topics with him. We always valued each other's opinion even if we didn't always agree.

We loved to torment each other and others at work. A good example would be when he would talk about wearing personal protection safety equipment at work to keep from getting hurt on the job. He would say that it's not a perfect system and that it's based on opinion. I would usually reply that in my opinion I don't need to wear it then! That response would always get him riled up and he would tell me that only his opinion counted and not mine. I really miss that back and forth with him. He was a good friend.

Tommy also had many sayings that he loved to use. Many of them probably shouldn't be repeated here but I'm sure the both of you are probably very familiar with them. I'm sure that I'll be using some of those same saying until my time ends.

Take care both of you,

Scott Blighton
