“ You will be missed every time our group tees off on the 1st hole. I have so many good memories over the last 40 plus years I have known you. All of them are good for sure. I know you were always there if I needed something. That was just the way we were, friends do that. I hope you play well up there and just know that there will never be another “Dominator” down here. To the family I just want you to know he was proud and loved all of you. He always talked about you and I know you all have great memories of him too.
