“ I had Mr. Gilreath for one class as a junior and I enjoyed it so much that I made sure to sign up for all his subjects as a senior and had him for 3 of my 6 classes and was in his Future Farmers club. He was a fun caring teacher. When he was going through the tragedy of his house burning down so many students would go to his house after school to help with cleanup. He would always tell stories about things like how he was struck by lightning three different times in his life. That doesn't sound humorous at all but when he told it it somehow was. RIP.

“ I worked with Jim at Wade Hampton High for many years. He was always more than fair his students stated over the years. Jim was always kind, courteous and so much more to the staff and educators. I'm so sorry to learn of his death. May our Lord comfort your hearts with His great love, peace and grace.

Sincerely,
Brenda Trentham

“ Mr Gilreath will always be one of my favorite science teachers. He was firm with fair and didn't send you to the principal office every time you needed to go but he would make you do push ups and chairlifts. He always had a great sense of humor. We knew he wanted us to take advantage and learn everything we could from him. Thank you for the experiences you shared with us. You will be missed.
