Great to have met you, my friend, and I'll see you again, one of these days in heaven. We had so much fun together riding motorcycles, camping, heading to breakfast, and riding around in that black Ford, my red Chevy, or later in that frame off Chevy you restored!. I was a good 'loafer' and you were the guy accomplishing something constructive, Joe! . It takes years to develop friendships, but when Dennis and I met you, we just naturally developed a very firm, fast friendship. We liked you immediately. Who could not like and enjoy your nice smile and personality? You assisted us more than you know in our efforts to learn to ride motorcycles. You were so generous in the time you gave us, and we will always hold your friendships as one of the highlights of our life. Your buddies, Larry & Dennis
