“ Marie , I was so vey sorry to hear about John. He was my best hunting buddy and friend and we hunted and camped together for years. John was the type of person who would do anything in the world for you and if you had something that broke and you couldn't fix it John could fabricate and make what you needed. I am going to miss him dearly up here at Collins Creek Campground camping and hunting together. Our prayers go out to you and your family Marie and if there is anything I can do for you, don't hesitate to ask.

Marie and family ,your loss is devastating and we can't even grasp your pain. John was so much to so many. He was a Veteran, a extraordinary dad, and a fixer- upper of everything, a hunter for more years than we can count, a devoted husband,and a friend that has left foot prints in our hearts 💕 that we will never be the same. John, I hope they have pumpkin 🍂 pie up there. You are loved and missed, may you rest in peace. Our love and prayers, Vicki and Tony Boy.

“ Marie, my heart and prayers go out to you and your family in your time of sorrow. It's always so hard to say goodbye to part of our hearts. It seems so long until we see each other again in heaven. But just remember you are not walking alone.

John was a patriotic American who flew his flag everyday and was proud of his Naval Days where he welded on nuclear submarines. He loved his wife and family dearly. He was more interested in helping than being helped. His greatest lament in his final days was he could not continue working as a master machinist in meticulous shop. He was respected and honored by all who knew him, especially his neighbors. Marie and family, my God bless you during this time of sorrow. Quay Johnson
