“ To the family of Kenneth Capps:

My wife and I suffer with you in your loss. Mr. Capps was our band teacher in middle and high school (Southside and Emerald). More than that, he was one of the best and kindest friends we ever had. He was always genuinely interested in our well-being. He will forever be in our hearts.

Grieving with you,

“ Mr. Capps made a difference in our son's life. Ken took a chance and stuck his neck out to help a freshman who's musical skills were a little rusty. We were saddened when he left Emerald, it was a great loss. We were fortunate to have him if only for that short time. Our sincere condolences to the Capps family.

“ To Kenny's family,
I am saddened to hear of the news of Kenny's passing. I wish for you love in this time of grief and peace to fill the hole that is currently in your heart. Kenny had the ability to touch the heart of every person that he met...I am no exception. I remember endless band practices, football games, fundraisers, band competitions, bus rides, and concerts all containing a picture etched in my memory of Kenny's thousand watt smile. He was a go-getter that always achieved his dreams. There are no words to describe how lucky we all are to have known an individual as unique and caring as Kenny...he learned these valuable traits from his family. Thank you for sharing Kenny with us and I will always remember him for his kindness, generosity, laughter, tenacity, inspiration, and of course compassion. He was, after all, the one nice enough to take me to my junior prom :)###imported-begin##Virginia "Ginny" Howard###imported-end##

“ The passing of Kenny and the absence of his life has indeed saddened my heart. We were in band together in middle school, and I knew at that time that he had an amazing gift. Since then, it has become clear to me that he continued to touch the lives of so many with his talent, compassion, and friendship. May God comfort his family and give them peace. Kenny, may you rest in the arms of Jesus now and forever.

In Christ,

“ I got to know Kenny while he lived in Abbeville and kept in touch with him when he moved to Greenville. He was such a multi-talented young man with so many gifts. I pray that God will give his family and friends and students the strength to deal with this great loss. My hope is that all of his wonderful students will grow in their talents as a living legacy to Kenny.##imported-begin##Cecily Morris##imported-end##

“ Please accept our deepest sympathy in the loss of Kenny. We had the pleasure of watching him grow from a sweet child to a wonderful young man. He was a great friend to may inculding our children (Michelle and JD Wooten). We hate to think of this world without someone that was so talented, made you laugh so easily, and cared so much about others and life. You were like one of our own Kenny. Love to your family.##imported-begin##Barry and Lynn Caughman##imported-end##

“ *Words can't express how sorry I was to hear bout Kenny's passing. He was one of my first friend when I moved here at 10 years old and quickly became one of the best friends I had for the next 10 years or so. Life after high school (as it so often does) seperated us but my fondness for Kenny never deminshed. He accepted and was always there for me with no expectations other than just to be my friend. People like that are few and far between in this world. I knew that no matter what Kenny always was there behind me supporting me 100% and I felt the same devotion to him. The world has lost a truely great person but heaven has gained a very strong angel.*

“ I remember when Kenny was born and there was talk of naming him Rocky. When you chose not to use that name we decided to use it as a nickname for our son. I loved Kenny sweet spirit that infectious laugh that made you wonder what he was about to get into. I can see Aunt Rena meeting him at heavens gate telling him not to be afraid Nanny was here. Our prayers for strength and peace are going to our Lord now. We love you all!!! Tony, Sherry, Claudia and Gabe.##imported-begin##Sherry Davis Hawkins##imported-end##
