“ My dearest friend. From day one we clicked as if we'd known each other for years. You were the light of the building and was our little fire cracker. You are missed so much. Thank you for being you and being my friend.

“ *Leoma was my dearest friend and I wil surely miss her. I have little treasures here in my apartment of her gracious heart and she left a life long memory for my great grandson that we will make sure he is reminded as days go by his friend that gave him treats all the time. I will miss her everyday and when I have a special memory of her a smile will appear forever in my heart. Prayers for strength for the family through these hard times.*
