“ I had the pleasure of knowing Lynda from working at the County. She never failed to make me laugh. I would often arrive in the parking lot at the same time as her and all I had to do was say good morning; she carried the conversation the rest of the way in. I loved listening to her talk. We all know she was very shy and totally unopinionated (haha!) She had the funniest southern sayings. Coming from the north, I had not heard many of her expressions and they always made me smile. I will continue to smile when I think of her. Her spirit through her illness always amazed and inspired me, she stayed so positive. My deepest sympathy goes out to all of you and I know heaven has received one fireball of an angel.##imported-begin##Melissa Sawyers##imported-end##

“ My thoughts and prayers go out to your family Lynda, I know they will sorely miss you, I know we have had a lot of joking and pestering through the years. You were always so helpful to me while I worked Pence Septic. May you spend the rest of our days making the angels laugh.##imported-begin##Barbara Steele##imported-end##

“ Lynda was a long term co-worker of mine and we moved from Merritt Island to Viera together. While we worked in separate offices, we had a mutual respect and liked each other very much. She was the knowledgeable "go to person" in Environmental Health and I only hope that I was able to help her as much as she helped me and my clients.

I am so sorry to hear of her passing and please know that she was a dear woman, friend and co-worker.

“ To My Dear Friend Lynda's Family,
I will miss her terribly. I will never forget her and when she helped me and my family several years ago in our time of sorrow. Her favorite saying "I'm goin beat you girl" I have missed hearing that since she retired but I am sure that there are others she will be able to say that to now in heaven :). My prayers are with all of you.

“ Lynda was such a blessing to me in the several years I worked with her at the Health Department. Although she was sometimes a fireball and grumpy (aren't we all at times), she had a heart for helping people and that showed in her daily work. Although I am saddened by her passing and I offer my heartfelt condolences to you, I rejoice in the fact she was confident in her Lord and Savior, Jesus Christ. She is home and free from pain.
