“ Linda was... and is my soul. She taught and learned from me. She taught more. It would take many paragraphs to explain.

My love NEVER dies.

I'm Linda's cousin & we've worked years together on our family history. Her grandmother was my grandfather's sister. I was digging more into this side of the family & was shocked to see she had passed. I didn't know that Judy her sister had passed. Linda had called me over a year ago wanting to know of Cann male cousins of mine. I gave her the list.

“ *My thoughts and prayers go out to the family and friends of Linda's. Her loss will be felt by many. She was such a great volunteer in the genealogy world and I know this having worked with and dealt with her in the USGenWeb project. We did not always agree on every issue but she was the calm in many storms and knew how to bring others back into calm discussions. I regret that I never met her in person but I did manage to see through our project that she has a very strong passion for the genealogy world and for helping others. I know that she touched many lives and I will certainly miss her leading our GAGenWeb project.*

“ *Linda was our main-stay for so many years in GAGenWeb as she served as State Coordinator. She helped countless of us with maintaining our county websites. Her volunteerism extended to helping many people with their personal research. She will be sorely missed, but always remembered. Virginia Crille*
