“ Theresa and family, I am so very sorry. Words cannot express what I want to say and I don't know the pain you are in except it has to be the worse pain a parent can go through. I can tell you she is no longer suffering and is in a better place we all know this but this is your baby girl. You have taken such good care of her and been there for her but most of all you loved her with all your heart. She was such a beautiful woman so kind and sweet always smiling that beautiful smile of hers. God gave you this precious person for 37 years then he wanted her back with his other angels. God makes no mistakes. He loves you and Tina and all your family. Theresa I hope you know that I love you to and I am here if you need me. I am unable to drive but I can get a way if you need me or call any time. Both your girls hold a special place in my heart and always will. You trusted me a long time ago and I never forgot that and I did what you wanted. Lisa was so loving and I loved her even if I did not get to see her. I just wished my health had been better and I could have done and helped you and Tina and been there for Lisa. Love to you my old friend you are in my prayers.

Theresa and Tina, I am so sorry to hear about Lisa. I did not know she had been sick. Lisa was very special to me. For all her high school years, Lisa was here with me at Harbor Christian Academy every day for 4 years. She endeavored to do her best to make a passing grade, and she did. The doctors said she would not pass the 3rd grade level but she proved them wrong. 1995 was her graduation year and I was so proud of her. Even through the tears, she would call me just to say hello and see how I was doing. She was one precious student!!! You and your family are in our prayers.
