

## Dr. Lyn Horton Hammond

December 30, 1948 - April 5, 2025

Lyn Horton Hammond, MD, 76, of Greer, SC passed away April 5, 2025 surrounded by family after a three-year battle with acute myeloid leukemia. He is predeceased by his parents Robert and Emogene Horton Hammond; brother Robert “Bobby” Hammond III; and son-in-law Kevin Jones.

He was born on December 30, 1948 in Greenville, SC at St. Francis Hospital and grew up one of four boys on Holmes Drive and Ivy Trail. He famously spent his summers as a teenager lifeguarding at area pools including Northside Gardens, Croftstone, Travelers Rest Community Pool, and Chetsu.

After graduating from Wade Hampton High School (1966) and Wofford College (BS Biology, 1970), he attended the Medical University of South Carolina. He returned to Greenville in 1974 to complete a three-year family practice residency with Greenville Hospital System. During medical school and residency, he met many wonderful people who would become lifelong colleagues and friends.

He devoted his professional life to practicing family medicine in Greenville at Pelham Family Practice which he founded in 1977, located at 410-B Pelham Road and later 25 Creekview Court. “The office” holds countless memories for so many. It was a place where people could come for healing, advice, consolation, and wise counsel. He celebrated retirement in the summer of

2021 and received the Order of the Silver Crescent, a South Carolina Governor's award which recognized his lifetime of exemplary community contributions.

He was a man of many talents and had many interests. There was always a project to do or a way to help one of his kids. Any Saturday that presented an excuse to strap on a tool belt was sure to be a good day. He had a passion for working on and rebuilding cars and Jeeps. His capstone project was a Shelby Cobra kit car he completed in 2019. When he wasn't driving the Cobra, he could often be seen riding his bike from Greenville to Travelers Rest and back on the Swamp Rabbit Trail, even after recovering from his 2022 stem cell transplant.

He could always be counted on to be at any game or event for his kids and later, his grandkids. Each year, his family took an annual beach trip where 22 of them shared one large house. On Sundays, he faithfully attended Brushy Creek Baptist Church for 35+ years where he served as a deacon. After church, his family met regularly for Sunday lunch, a time to gather over a meal and catch up with one another, something he enjoyed greatly.

He is survived by his loving wife Frankie Jones Hammond who cared for and valiantly fought beside him throughout his journey with Leukemia; children Christopher Hammond (Caryn), Heather Jones, Lindsey Strand (Jason) and Austin Hammond (Jessica); step-sons Luke Burgess and Andy Burgess (Amanda); grandchildren Madison Jones, Zachary Hammond, Isabella Jones, Meagan Hammond, Noah Jones, William Strand, Coral Hammond, Rose Hammond, Marian Strand, Leif Hammond, Emily Strand, Nova Hammond, Baby Strand (May 2025), and Jaidyn Burgess; brothers Richard Hammond (Brenda) and Greg Hammond (Tammy), and numerous nieces and nephews.

The family would like to express sincere thanks and gratitude to Dr. Saeeda

Chowdhury, Susan Funk, ACNP and the Prisma Health Cancer Institute team for their excellent care over the last three years.

The void of his passing is great. We treasure the memories and rest in the knowledge that he's been made whole in the presence of Jesus.

The family encourages those who knew and loved him to share their memories and stories by visiting [www.hammond-memories.com](http://www.hammond-memories.com).

Receiving of friends will be Sunday, April 13, 2025 from 5:00-7:00 pm at Howze Mortuary in Travelers Rest.

A Funeral service will be held Monday, April 14, 2025 at 1:00 pm at Brushy Creek Baptist Church in Taylors followed by a graveside service at Mountain View Memorial Park.

In lieu of flowers please make memorials to The Julie Valentine Center, 2905 White Horse Road, Greenville, SC 29611 or to Brushy Creek Baptist Church Children's Ministry, 4999 Old Spartanburg Road, Taylors SC 29687.

*Dr. Hammond was our entire family's doctor since he opened his office. I moved back to Greenville in August of 1974 with two small children. Dr Hammond was recommended to me by Harriette Grainger, a nurse in ER, a neighbor of my parents. She highly recommended him as I was seeking a doctor for my children. He became the beloved doctor of my entire family, parents, me, my children and after they grew up and married their entire family. We are all very touched and saddened to hear the news of his cancer and early death. We have not been able to find a doctor that comes close to Dr. Lynn Hammond.*

“*I was a patient of Dr. Hammond's since the 80's and I took my kids to him and my husband went to him as well until Dr. Hammond retired. I actually was just talking to my husband about vaccines and I said "I wish I could ask Dr. Hammond because he would tell me what he really thinks and I trust him." I looked him up on Facebook and just saw that he recently passed. He was such a great doctor and was always funny but truthful, had such a great bed-side manner. I know I missed him being my doctor, and, now, his family and friends will truly miss him in their lives. Prayers for the family for comfort. How wonderful though that he has met The Great Physician!*

“ *The Family of Dr Lyn Hammond  
Prayers are with you at this time  
DR Hammond was one of my very first Dr's as an adult on my own  
He not only was a good doctor his staff but He was a doctor that  
happened to be a good Christian man  
I will always remember "My first Dr on my own as an adult  
Prayers of Peace comfort

“ *I met Lyn in 1976 at the Family Practice Center on Pendleton Street  
and have enjoyed knowing him for over 40 years. He always smiled  
when we met and always had good things to say. Giving me grief  
and sharing laughs with him and his staff was the most joy I had as  
a rep. I looked forward to seeing him, Wayne, Gary, and staff. I  
actually snuck in the office back door even in retirement because I  
loved them so. He always stopped to spend a few minutes with me  
no matter how busy he was. One of the happiest days in my career  
was when Lyn and Frankie told me they were going to get married.  
What a smile on his face! Rest in peace, dear friend*

Dr Hammond was the best doctor our family ever had. He was our doctor for decades, actually we started seeing him when he began his practice. We will never forget him. He was one of a kind, and certainly everything a great family doctor should strive to become. The world needs more Doctor Hammonds! God bless his family. He will never be forgotten. The McCreery family

“ Mrs Frankie Hammond & the Hammond Family, Please know how devastated we are for your entire family over the loss of Dr Hammond. Our family were original patients of his from the start. Lyn was lifeguard at our neighborhood Chetsu pool and almost all of our families became his patients. He saved my life in the late 80's with surgeon Dr Randy Abrams with 3 separate surgeries for my ruptured appendix over 6-weeks. Lyn again saved my life from blood clots in my lungs with Dr Nesmith & Dr Jay Walls in 2014. He saved my mother's life from kidney failure in Raleigh by caring for her in Greenville with Dr. Alan Peabody. He cared for my Mother-in-law from Elon College NC at his Greenville clinic, too. Lyn cared for my wife & sons, too, until he closed his practice. Our family was indeed very fortunate to have Dr Lyn Hammond as our doctor with his expert diagnoses and always accurate specialist and/or surgeon referrals as needed. God blessed all of us to have him as our doctor. We pray God received Lyn last Saturday with a hug for a life of service well lived. Further, we pray that all of the Hammond family are always blessed by the wonderful life of Dr Lyn Hammond,  
Bob & Mary Brantley

“ So much to share about the wonderful man, friend and my Boss. How can I express the pain in my heart. Our life started in 1975 when I went to The Center for Family Medicine to fill the position of Lab Tech where the residents were trained. When he completed his residency in December of 1976 he offered me a position. I declined (he said it was because I didn't think he would make it) Ha Later in 1977 he called again this time I went to work for Dr Lyn Hammond. The wisest decision I ever made. He was the most honest, dedicated doctor. Dr Hammond loved his patients their health was of utmost importance to him. I'm so blessed to have worked for/with him for over 40 years. I know I will see him again one day for he was a child of God.

Joyce Holcombe - April 10, 2025 at 09:37 PM

MI

So u were there 2 yrs when I came but then u retired. I will never forget u Joyce as u were so efficient in that lab. U made a good team.

millie - April 11, 2025 at 11:56 PM

“ Dear Frankie and family David and I were so sorry to hear about the passing of Dr. Hammond. Frankie he meant so much to me and my family. As many will say he always went above and beyond to take care of our needs emotionally and physically. He always knew if he had a Brown to see that day as a patient he would have a worrier on his hands. He always knew the right way and things to say to calm us down and make things better. Thank you Lyn Hammond for taking such good care of us. We will miss you so much, but know you are now resting in the arms of Jesus.

“ I and many in the Eastside Greenville community will miss Lyn. A fellow family physician, I will never forget Lyn's encouragement and sage advice to me as I began my new family practice in 1992. Lyn introduced me to fellow physicians, encouraged me to be active in the County Medical Society where he served as President, and to be a thoughtful member of our State Medical Association. Lyn was an example of the good doctor, the humble citizen, and champion for his family. His love of Christ was evident in the way he lived and he will surely be missed by those who witnessed this at Brushy Creek. I wish his family grace and peace in this season of grief.
