“ Nettie,when I first met you,I didn't know what to think of you..I was a little afraid. That was the day I came to work at Chestnut Hills,now Spring Brook Behavioral Healthcare. But as I got to know you,I found out how loving and caring you really were and if someone was your friend,you had their back always. I grew to love you and my work so much.It's because of you that I understood my patients so well. You always said to anyone who got upset with their patients, "Well,what if that was your Mama or Daddy? You wouldn't want someone to get mad at them,would you?" Wouldn't you want someone who really cared to watch over them?"I just want you to know and your family to know that I always loved you Nettie and often thought about you over the years. You were my Mentor and my Friend and I'll never forget you. Love,Elaine

“ *I never had the opportunity to know Nettie but I know her name because of Frankie. Frankie and Nettie had a large family while growing up and that family has stood the test of time. Frankie and I worked together and that's where I met Nettie. It seemed like everyday her name came up and I enjoyed every minute of it. We have a small family and I've always envied Frankie's family and tho there were a lot of children, there was always food on the table and a nice place to sleep. Frankie and Nettie, as well as the other children, knew they were loved. Frankie, my heart is broken for you and all of your family. I pray GOD will grant you all strength and peace in the days to come. We do have that "BLESSED HOPE" GOD gave us that one day we will meet again to part no more. I love you all and I'm praying for you Frankie and all of your family.*
