“ As my Mom's health deteriorated and no other care home was ready to accept her, Robbie stepped up and made Mom's last few months safe and peaceful. . Words can't fully express my appreciation, but I made an attempt...

The Passenger

*A gurney floats
on down the hall,
its contents barely there.
The passenger is gray and frail
and seeming unaware.*

*Confusion reigns inside her brain,
bright lights, dim sounds,
a mind so lost in time.
Then Nurse Rob whispers through
the noise:
"Dear Janet, you are mine."*

*Soothed by that sound, she slumbers on
without a single care.
While Janet stays on earthly plain,
Her angel Robbie keeps watch there.*

“ Robbie was a beautiful soul with compassion for all, especially animals. She was not only a client of ours but a friend. Years ago she gave me 3 white ducks. A blind mama with her 2 babies. I named momma Aflac. I will miss hearing her sweet voice.
