“ *I always enjoy remembering spending time with you and Nanna. I always loved the fact that life never slowed you down and were always the first to do a job such as lugging those heavy mountain rocks to line your driveway. One time we played with my remote controlled car, I had to be about 11 or 12. We talked about you as a child, the Marine Corp and made fun of my Dad. I will always cherish the day of the bee stings, you using your "homemade concoction" to get rid of them. Poppo, you lived a very full and enriching life. You have made a huge family that keeps getting bigger. Your legacy will live forever and will continue to thrive. I love you very much and I miss you.*

*Love your Grandson
