“ How lucky it is for Heaven to receive such a beautiful angel and how sad it is for all of us to lose one. I wish peace for all who are hurt by your passing. This has been most devastating to many of us however, you will always live in our hearts and you will never be forgotten. I love you with all my heart and soul Doodle! I'll cherish my lovely afghan you made me and I'll cherish what time we did get to spend together. Till we meet on the other side. May your beautiful soul rest in peace, JJ

“ Rest in peace cousin. I remember the good times we had as children and how my dad picked on you just to hear you squeal.

My prayers go out to the family. May God be with you all.

“ Dearest Cousin, thank you for all the kindness you have given me, even at times I didn't deserve it. You had the biggest heart and I will certainly miss you. My favorite memory is when we fed Jay the peanut butter. I've never laugh so hard and for that length of time. I still have the video. As for all of those who treated you not so kindly (and there were many), it's on them. let your light shine Doodle! ❤️

“ Sharon and I, became friends at the age of 12, at Slater High School. She taught me how to crochet during class, we had a cool teacher that crocheted while she taught us. I made many granny shawls from her training. Then, many years passed since we'd seen each other, but a couple of years ago, she reached out to me because I was collecting clothing and blankets from the homeless on the streets, and she made a big donation, and she reached out to me again a few months ago. She was a wonderful friend and will truly be missed.
