“ *Jerry, Brooke and all the family, what a tribute at her memorial service! Jean and I talked for over an hour on the last visit I made to the hospital just a few days before she went home. We were able to tell each other one more time how much we loved the other. I will hold that memory in my heart until I see her again. I always told Jean I wanted to be like her when I grew up. She had so much love to give and she gave it to all of her family and friends. Her candle was not hid behind a bush. I will forever treasure her memory and am looking forward to the day when we will meet again. My prayers and love are with all of you. May HIS peace that passes all understanding keep you strong in the days to come. If i can help in any way, please don't hesitate to call.
With all my love,

“ Brooke, My heart goes out to all of you. My love and prayers are with you all. Jean and I have shared so much together, good times and hard times. We have cried together, laughed together, talked and had to use each others shoulder many times. I love her dearly and I will miss her so much. Even though we didn't see each other as much, we always knew if we needed the other a phone call could make that happen. Jean talked about all of you and I don't have to tell you how much she loved you. I know you all know this. She made sure of that. Jean was one of the best, most wonderful person I have ever met. Truly giving of herself to others. She loved her family so!

She is one of the most wonderful Christian people and it showed every day.

"Life is not measured by the breaths we take, but my the moments that take our breath away."

Jean and I had a very special friendship, one I will take with me forever! The memories of her and all the things we shared will be with me always.

God bless you all,
