“ I know the family doesn't know me, but I work with Delores. I just want to say that I am so very sorry for your loss. I can't imagine what you are going through right now, but I hope God places his loving hand on all of you and hopefully will give you some comfort in knowing that baby Timothy is in His care. My thoughts and my prayers are with you all. God bless....

“ Delorse and Randy ,Autum n Calab I'm so sorry for your loss of precious Baby Timothy. As much as we don't understand why little Timothy didn't get to be with us here, We know how very important and special his little life was n is to His Family and friends. One day you will know the answer to why. One thing I do know that right know He is more alive than we are. He is with his maker and his little body is perfect. I trust the Lord to comfort your hearts and bring Peace to you souls. And I pray more grace to abide in and with each one of you! again I so sorry for your pain. He and Neil are celebrating together until We get there too. I love y'all Dearly!! And Randy your Mom n Dad are with there Great, Great, Grand Daughter how special is that!
