“ I just found out about Vivian's passing today, July 13, 2016 at a Greenville School District event. Teachers from Northwest Middle told me. I was shocked and saddened at this news. Vivian always had a smile on her face, and she never showed frustration when pressed for time on the job. We shared stories about our many purchases of jewelry and clothes from QVC and often complimented one another when we recognized something from that shopping network. She never complained about anything. I remember her last day at school....I watched her walk to her car. I didn't know at that time that that was her last day at Northwest. Please accept my deepest sympathy to her family for their loss. She will be missed. She was such a bright light in my life.

“ We are so sorry to hear about Vivian. I know she is happy now and would not want to come back. But it is hard for all of you, the special family she leaves behind. I know you will greatly miss her. I enjoyed our years together working at North Greenville. Work was sometimes hard, but the fellowship we shared was special. We learned during breaks how to crochet and cross stitch and shared recipes, discussed politics and world affairs and truly enjoyed working together. I was sorry when she left. The thought of a computer conversion was too much. But she enjoyed the job at the school, and it was good for her.

I am sorry that we will not be able to attend the funeral. We have Good News Club at Tigerville School on Mondays from 2:00 to 4:30. You may be familiar with Good News Clubs, but we are able to go into the public schools and share Jesus Christ. It takes all of us, and we are unable to miss. All of you are in our thoughts and prayers.
